

NeptuneTM
LIGHTS
ILLUMINATE YOUR LIFE

PRICE LIST W.E.F: JANUARY 16th 2024

INTRODUCTION

Neptune Lights ... A tale of stylish LED Lights

Can you imagine a home with no lights? It doesn't even sound like home. Light acts as a medium for people to show things that they want to show in the way they wish to show. While bright lights add a different mood to the setting, dim lights tend to tell a separate tale. One can set the mood of their surroundings by only changing the lighting. That's the impact lights have. They can speak for the place!

One can say that light becomes an indispensable part of people's lives. And to be there for people to help them tell their stories is what we aim to do at Neptune Lights.

Our Story

Founded sometime in the 1980s, Neptune Lights was built with the vision to not just provide lighting solutions but to become a medium for people to express themselves. In 2011, we brought around revolutionary lighting solutions by incorporating LED lights. With the advent of LED, we soon became experts who specialize exclusively in LED technology.

LED is our passion... and we serve with conviction!

Apart from leveraging technology, we also combine our experience, precision, and quality control to provide our customers with innovative and high-quality products at competitive rates. Every product we manufacture is in accordance with the latest norms and standards, thus proving to be safe, reliable as well as economical.

Adding to our list of products, we provide a wide range of architectural lighting, interior lighting and exterior lighting for commercial and industrial buildings, retail, hotels, restaurants, etc.

So, if you are looking to enhance your space and wish to tell your story, then you can always get in touch with us. Explore the classiest and most sophisticated range of LED lighting solutions at Neptune Lights.

Thank You!
Neptune Lights

ILLUMINATE YOUR LIFE

Neptune[™]
LIGHTS
ILLUMINATE YOUR LIFE

THE HISTORY OF LIGHTING

1802

Humphry Davy

invented the Electrical Arc Lamp.

1840

Warren de la Rue

Built a light bulb using a platinum filament that was coiled inside a vacuum tube.

1878

Thomas Edison

Filed a patent under the label "Improvement in Electric Lights."

1880

Edison

Began marketing and manufacturing the latest version of his bulb to commercial clients & built the first central power plant in the U.S.

1893

Nikola Tesla

Demonstrated the possibility of wireless electricity, which he used to light a Geissler tube.

1874

Henry Woodward & Mathew Evans

Filed a patent for their carbon rod lamps. but failed at creating a commercial version.

1879

Edison

Submitted another patent.

1893

General Electric

Produced the first enclosed carbon arc lamp for commercial clients.

1901

Peter Cooper Hewitt

Introduced the Mercury-Vapor Lamp (gas discharge lamp).

1910

Georges Claude

Demonstrated
Neon Lighting.

1938

Fluorescent lighting

technology was
commercialized.

1962

Nick Holonyak, Jr.

produced the first LED
that emitted light
in a visible band.

1979

Shuji Nakamura

Developed a
blue LED.

2006

LEDs

were finally a competitive
lighting option.

1926

Edmund Germer

Submitted his patent for
the first fluorescent lamp.

1961

James Beard &

Gary Pittman

Invented LEDs.

1972

M. George Craford

produced a
yellow LED.

1980

Philips

Released its SL model
of the compact fluorescent
lamp (CFL).

2011-2012

The sale of replacement

LED Bulbs expanded by
22% globally.

A close-up photograph of a classic LED bulb. The bulb has a black, ribbed base and a clear glass body. Inside, the LED filaments are illuminated, creating a warm, golden glow. A yellow rectangular box with a black border is superimposed over the right side of the bulb, containing the text "CLASSIC LED BULB" in bold, black, sans-serif capital letters. The background is dark and out of focus, showing other light sources as bokeh.

The background of the image features several silver-colored aluminum profiles, likely of the 40x40mm series, arranged diagonally across a blue gradient background. One profile is in the foreground, showing its U-shaped cross-section, while others are visible behind it, creating a sense of depth. A central yellow square with a black border contains the text.

A modern living room interior at night, featuring a large white sectional sofa, a dark coffee table, and a view of a city skyline through large windows. The room is illuminated by vibrant LED strip lighting along the ceiling and under the coffee table, creating a colorful glow. A yellow text box is overlaid in the center.

A photograph of a garden path at dusk. A winding stone path leads through a grassy area. Two outdoor lights, with dark brown housings and clear glass shades, are illuminated. One light is in the foreground on the right, and another is further back on the left. The background shows a wooden fence and dense foliage. A yellow rectangular box with a black border is centered over the image, containing the text "OUTDOOR LIGHT".
